1. Corporate Philosophy

- Our name "**Activia**" has been coined from the English word "**Activate**" and the Latin suffix "ia" meaning "place"
- We aim to invigorate society through investment in and operation of our properties

2. Basic Policies

- ✓ **Focused investments in Urban Retail and Tokyo Office Properties**
- ✓ **Utilization of the comprehensive support and capabilities of Tokyu Fudosan Holdings Group's value chain**

In order to maximize unitholder value over the medium to long term, we rigorously select properties which we can expect **stable and sustainable demand from retail customers and office tenants**, such as properties that are located in areas where large numbers of people gather and that serve as a foothold for bustling social and corporate activities. We also seek to maximize unitholder value by **proactively managing our properties** and taking initiatives to maintain and improve its asset management.

3. Portfolio Composition Policy

- We intend to maintain a competitive portfolio in the medium to long term by investing primarily in Urban Retail properties and Tokyo Office properties upon careful consideration of location as the most important factor, followed by other factors such as size, quality, specifications and suitability for use by tenants.
