DPU Summary for FP17 ~

Stabilized DPU of ¥10,000 were Close at Hand, Though COVID-19 Outbreak Hardly Hit Our Operation Caused DPU Decline ~

- While **stabilized DPU of ¥10,000** were **close to achieve** with **favorably progressed internal growth** mainly in office, **COVID-19 outbreak** obliged some of our property manager-operating properties to **close their entire facilities**
- Due to **reduction in fixed rent portion**, DPU for FP17 ended May 2020 **decreased by ¥651** to **¥9,508** (-¥629 or -6.2% vs. FP16)

(Note 1) Benefit from disposition refers to the gain on sale of A-FLAG AKASAKA of which 50% in co-ownership interest was disposed of as of June 3, 2019 (FP16) from which the amount equivalent to ¥356 per unit was contributed to DPU

(Note 2) Benefit from disposition & acquisition refers to the amount equivalent to ¥125 per unit, calculated by deducting lost profit of A-PLACE Shinbashi Ekimae disposed of on March 19, 2020 from gain on sale of the said property and operating profit of Ebisu Prime Square acquired on January 10, 2020.

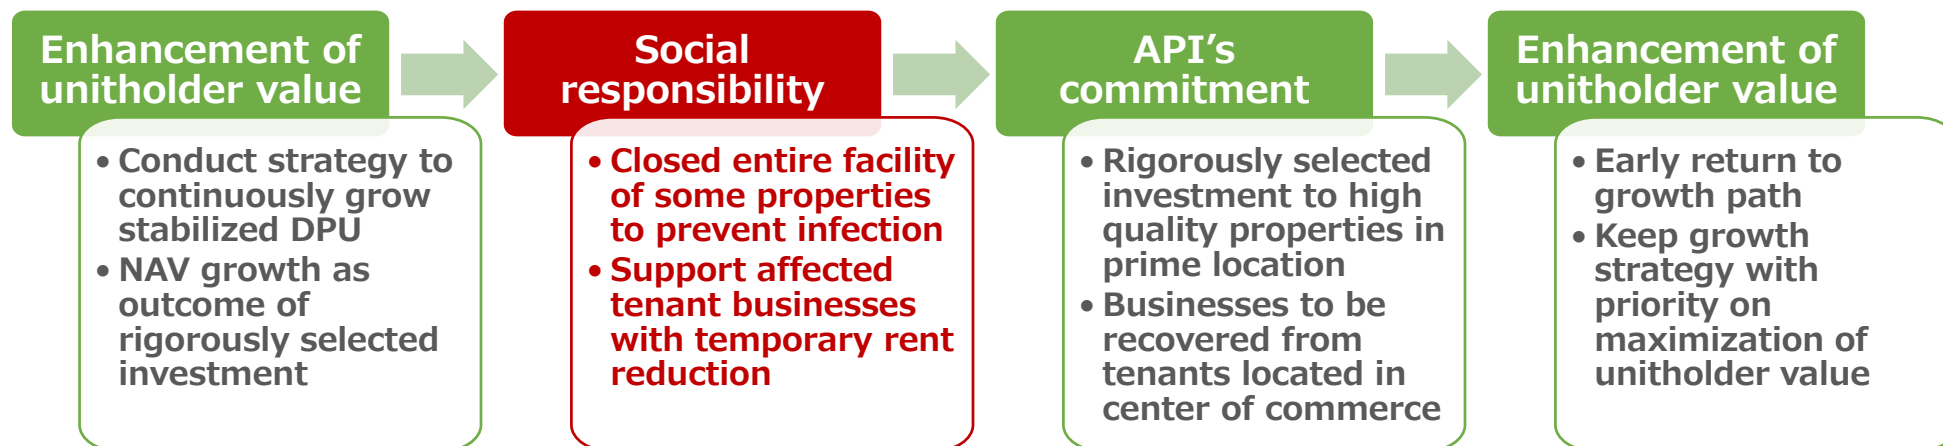

(Note 3) PM-operated retail properties refer to Tokyu Plaza Omotesando Harajuku, Tokyu Plaza Akasaka, DECKS Tokyo Beach and Commercial Mall Hakata, though some of the tenants in the facilities were not subject to business closure.

“API’s Growth Cycle”

Real Estate as a Public Instrument to Fulfill Its Social Responsibility
in Line With the Principle of Enhancement of Unitholder Value

5

- In response to the government’s declaration of a state of emergency, **preventive measures** are taken and **compensation for tenants** implemented
- **Best solution for return to growth path** for API considering the **middle to long term point of view** is to **support tenant businesses**

Significance to fulfill social responsibility

- ✓ Avoid vacancy increase due to flexibility-lacked management with excessive focus on immediate earnings and strengthen confidence with tenants
- ✓ Support tenants and maintain portfolio occupancy stabilized in order to early return to path to growth with leveraging API's strength

Defining three straight periods from FP17 ended May 2020 to FP19 ending May 2021 as “emergency”, we will work for return to growth path with supporting tenants with a point of view of sustainability

Details of Relief Requests and Negotiation Status

Half Reached to Agreement
and We Aim to Minimize Impact as Possible ~

7

- ✓ Lease cancellation also occurred though mainly of **small spaces**

	Nb. of negotiation	%
Temporary reduction	115	78%
Cancellation	18	12%
Deferral	14	10%

- ✓ If temporarily rent reduction accepted, future lease condition is negotiated for the sake of **enhancement of our unitholder value**

Some negotiation cases

- 1 Rental increase after crisis**
 - Reduced rent for the moment while arranged measure to **compensate reduced amount** during lease term
- 2 Sales-linked rent (re)arranged**
 - Agreed on sales-linked rent** with several retailers
 - Setting higher base rate and lower artificial breakpoint to charge sales-linked rent

API’s policy	<ul style="list-style-type: none"> ✓ Continue to pursue internal growth chiefly by achievement in tenant replacement with higher rent seizing demand from potential tenants for properties on good location ✓ As for lease contracts with hotels, increase fixed-rent portion with balancing between stability and growth ✓ Measures in view of enhancement of our unitholder value will be taken towards tenants requesting rent reduction upon examination of each circumstance 	<ul style="list-style-type: none"> ✓ Environmental change surrounding offices such as promoted remote work is an opportunity to enhance tenant target in the greater Shibuya area ✓ Pursue rental increase at tenant replacement as current contracted rents remain lower than market ✓ Incorporated vacancy risk in the forecast for the FP19 ending May 2021 as a backup as expecting tenant replacement in internal growth strategy

Financial Results: Statement of Income ~ The 17th Period Ended May 2020 ~

- **Both revenue and profit** for the FP17 ended May 2020 **decreased from previous FP** due to **rent reduction conducted in some properties closed for a moment to prevent COVID-19 spread** and other factors despite replacement with higher rent and upward rent revision steadily achieved in some properties
- **Both revenue and profit results** were **upturned from previous forecast** as actual impact from business closure of some tenants, etc. was less significant (ex. **reduced closing period**) than assumption on the previous lower guidance
