Notice of Acquisition and Disposition of Assets and Lease Contract with New Tenants

Activia Properties Inc. (“API”) announces that TLC REIT Management Inc. (“TRM”), to which API entrusts its asset management operations, has decided to acquire and lease the three properties described in “1. Overview of the Transaction - (1) Overview of the Acquisition” (hereinafter three properties are collectively referred to as the “Anticipated Properties” and the acquisition of the three properties are referred to as the “Acquisition”), and the disposition of one asset described in “1. Overview of the Transaction - (2) Overview of the Disposition” (hereinafter the one asset and disposition of the asset are referred to as the “Asset to be Disposed” and the “Disposition” respectively, and the Acquisition and the Disposition are referred to as the “Transaction”).

Under Article 201-2 of the Act on Investment Trusts and Investment Corporations (“ITA”) and the internal rules regarding transactions with related parties of TRM, TRM has obtained API’s approval for the above transactions at API’s board of directors meeting. Details are as follows:

1. Overview of the Transaction

Disclaimer: This press release is an announcement by Activia Properties Inc. concerning the acquisition and disposition of assets and lease contract with new tenants, and has not been prepared for the purpose of solicitation for investment. Investors are asked to ensure that they read the prospectus for the issuance of new investment units, as well as any amendments thereto, prepared by Activia Properties Inc. before they invest and that they make decisions on investment at their own discretion.

(50% co-ownership interest)

- (Note 1) (i)(ii) Amounts are calculated by multiplying the anticipated book value as of each anticipated disposition date by the percentage of each co-ownership interest to be disposed of on such anticipated disposition date rounded to the nearest million yen. Total amount is the sum of the aforementioned two amounts rounded to the nearest million yen.
- (Note 2) (i)(ii) Amounts are calculated by multiplying the amount calculated by deducting the anticipated book value as of each anticipated disposition date from the total amount of ③ by the percentage of each co-ownership interest to be disposed of on such anticipated disposition date, rounded to the nearest million yen. The total amount is the sum of the aforementioned two amounts rounded to the nearest million yen.
- (Note 3) The disposition will be held at two times and the figures provided herein reflect the anticipated dates and co-ownership interests to be disposed of described in each of the sales contracts.

2. Reason for the Acquisition, Disposition and lease contract with new tenants

In accordance with the subjects and rules of asset management stipulated in its bylaws, API will acquire the Anticipated Properties and dispose of the Asset to be Disposed of for enhancement of its portfolio.

Following the Acquisition, the portfolio of API will consist of 45 properties with an approximate total anticipated acquisition price of 502 billion yen (as of January 10, 2019). The Acquisition of the Anticipated Properties will reinforce its portfolio and stabilize profitability.

The features we evaluated for each of the Anticipated Properties are as detailed in “Investment criteria” in “3. Overview of the Anticipated Properties and lease” below. Furthermore, API judges that the lessees of the Anticipated Properties satisfy the criteria for the selection of tenants stated in the “Report on the Management Structure and System of the Issuer of Real Estate Investment Trust Units and Related Parties” set by TRM on August 31, 2018.

In addition, API will dispose of its 50% co-ownership interests of A-FLAG AKASAKA in March 2019 and June 2019, respectively. Through dividing the overall disposition of its 50% co-ownership interests between two different fiscal periods, API intends to manage the DPU through the distribution of a portion of the gain on sale to the unitholders over two different fiscal periods, and also to allocate a portion of the gain on sale to counter the earnings downside risk due to disasters.

API believes that through the Transaction, its unitholder value is expected to increase by way of increasing its portfolio quality and distributing such portion of the gain on sale from the Disposition.

Investment criteria	<p>Tokyu Plaza Ginza is a well-known flagship urban retail property located in the Ginza area, Japan’s foremost shopping and entertainment area which is recognized globally. Tokyu Plaza Ginza is a one-minute walk from Ginza Station (and directly connected to the station) on the Tokyo Metro Marunouchi Line, Ginza Line and Hibiya Line. The property is located on a highly visible corner of the busy Sukiyabashi Intersection, facing Harumi and Sotobori Streets, which we believe makes it symbolic as a gateway to the Ginza area, with a brilliant exterior motif of Edo Kiriko cut glass, a Japanese traditional craft. Visitors can relax and be entertained by its creative entrance and intimate public lounge, while shopping and dining at its 11 above-ground floors with a roof terrace and two below-ground floors which include 11 first-in-Japan stores. The property provides an unconventional tenant composition balancing tradition and innovation, meeting various needs of customers. In terms of rent level, the Ginza area ranks sixth in the world among each nation’s foremost commercial area with the second-fastest growth from 2015 to 2018 (according to Cushman & Wakefield), as well as top in Japan in first-floor rent levels. Attracting high-end domestic and inbound customers to its fashionable stores and large-scale retail facilities, the area also ranked first in Japan in annual retail goods sales in 2013, and the block on which the property is located has the second-highest published land price in Japan as of January 1, 2018. As development of large-scale retail facilities continues, we believe the area will continue to strengthen its position as the top retail area in Japan. To ensure long-term stability, we intend to enter into a 70-year land lease that links the rent we receive to property taxes.</p>

Investment criteria	<p>Q plaza HARAJUKU is an urban retail property located in the greater Shibuya area, one of the busiest areas in Japan with many retail shops, large-scale retail facilities and restaurants. Q plaza HARAJUKU is a two-minute walk from Meiji-jingumae <Harajuku> Station on the Tokyo Metro Chiyoda Line and Fukutoshin Line, and a ten-minute walk from Shibuya Station on JR Lines. Located in an area connecting Shibuya with Omotesando/Harajuku having heavy foot traffic, the property is easily visible from Jingumae Intersection and has high ability to attract customers with its various tenants such as a wedding salon, apparel stores, cafés and restaurants. Well-known as one of the trendsetting areas in Japan, the area attracts especially young domestic and inbound customers, and is the area with by far the most new IT firms established in Tokyo since 2000. The area is also attractive to stores and restaurants looking to establish strong word of mouth via their first entry into the Japanese market. Store rents in the area significantly increased between the first half of 2017 and the first half of 2018, and we expect the numerous redevelopment projects underway nearby will further improve the area’s appeal.</p>

Investment criteria	<p>EDGE Shinsaibashi is an Activia Account property with 11 floors of offices and four floors of retail spaces, located in the Shinsaibashi area of central Osaka. With the successive opening of flagship shops of international luxury brands, the area is expected to be developed further in the future as a foremost commercial area in western Japan. Enjoying a convenient location with access to six train stations and eight lines, EDGE Shinsaibashi is a four-minute walk from Shinsaibashi Station and a five-minute walk from Namba Station on the Osaka Metro Lines. Given its standard floor area of 374 tsubo, the property has an excellent competitive advantage in the Shinsaibashi area in terms of scale. In addition, in view of current rent rates at the property, vacancy rates in the area falling in recent years and limited supply of new properties expected through 2020, we believe we have an excellent opportunity to raise rents going forward upon tenant renewals and replacements. In part due to the influx of inbound visitors to Osaka in recent years, with the growth rate outstripping Tokyo's between 2011 and 2016, Shinsaibashi land prices have significantly increased every year since 2013.</p>

API will conclude an agreement on trust beneficiary co-ownership interest with such SPC when the property will be co-owned. Details of the agreement are as follows. • The beneficiary interest is in the form of co-ownership, and the agreement on beneficiary interest among beneficiaries sets forth matters on preferential negotiating rights of beneficiaries concerning disposition of beneficiary interests by other parties.
<p>(Note 1) The data is based on information from the property registry.</p> <p>(Note 2) The figure includes the margin since the building receives the margin due to the fire-resistant building on fire prevention districts.</p> <p>(Note 3) The portion subject to leasehold has an area of 18.74 m² (registered value).</p> <p>(Note 4) The figures are as of September 30, 2018.</p> <p>(Note 5) The annual rent is equal to the aggregate monthly rent multiplied by 12, based on the lease contract with the end tenants as of September 30, 2018 (limited to rent for space occupied by tenants as of such date), including common service fees and excluding usage fees for warehouses, advertisement, parking lots, sales-linked rent and others, and is rounded to the nearest million yen (excluding consumption tax). Free rent or rent holiday as of such date is not considered.</p> <p>(Note 6) NOI is total revenues from real estate leasing less total expenses for real estate leasing (excluding depreciation and loss on retirement of fixed assets). The expected NOI is expected earnings excluding special factors for the fiscal year when the property will be disposed of (and is not a forecast for the current period) based on assumptions made at the time of the calculation, rounded to the nearest million yen. The occupancy rate is expected to be 97.0%.</p> <p>(Note 7) The tenant leasehold and security deposit is calculated as the total amount on each lease contract for the property as of September 30, 2018 that was occupied by the tenant as of such date, rounded to the nearest million yen.</p>

9. Transaction with related parties

(1) Acquisition of assets

The previous owners and trust beneficiaries of the assets to be acquired are Tokyu Land Corporation, the parent company of TRM or subsidiaries or similarly related parties of Tokyu Land Corporation. Such parties are related parties as provided for in Article 201 of the ITA and Article 123 of the Enforcement

Disclaimer: This press release is an announcement by Activia Properties Inc. concerning the acquisition and disposition of assets and lease contract with new tenants, and has not been prepared for the purpose of solicitation for investment. Investors are asked to ensure that they read the prospectus for the issuance of new investment units, as well as any amendments thereto, prepared by Activia Properties Inc. before they invest and that they make decisions on investment at their own discretion.

Ordinance of the ITA, as well as “Rules Regarding Related-party Transactions”, the internal rules of TRM. Therefore, TRM carried out the appropriate procedures as provided for in the rules regarding transactions with related parties in connection with the acquisition of the Anticipated Properties from these parties, including obtaining approval by API’s board of directors.

(2) Disposition of one asset

The acquirer of the Asset to be Disposed is a subsidiary or similarly of Tokyu Land Corporation, the parent company of TRM. The acquirer is a related party as provided for in Article 201 of the ITA and Article 123 of the Enforcement Ordinance of the ITA as well as “Rules Regarding Related-party Transactions”, the internal rules of TRM. Therefore, TRM carried out the appropriate procedures as provided for in the rules regarding transactions with related parties in connection with the transfer of the Asset to be Disposed to the party, including obtaining approval by API’s board of directors.

(3) Conclusion of lease contract and property management agreement

For Q plaza HARAJUKU, one of the Anticipated Properties, API will conclude the lease contract and property management agreement with the trustee and Tokyu Land SC Management Corporation.

Tokyu Land SC Management Corporation is a subsidiary of Tokyu Land Corporation, the parent of TRM. The party is related party as provided for in Article 201 of the ITA and Article 123 of the Enforcement Ordinance of the ITA as well as “Rules Regarding Related-party Transactions”, the internal rules of TRM. Therefore, TRM carried out the appropriate procedures as provided for in the rules regarding transactions with related parties for outsourcing the property management and master lease services to the party.

10. Item regarding forward commitment contracts, etc.

(1) Anticipated Properties and Asset to be Disposed of under forward commitment contracts, etc. (Note) <Anticipated Properties>

Property No.	Property name	Date of sales contract	Scheduled acquisition date
UR-16	Tokyu Plaza Ginza (Land)	November 30, 2018	January 10, 2019
UR-17	Q plaza HARAJUKU	November 30, 2018	January 10, 2019
AA-13	EDGE Shinsaibashi	November 30, 2018	January 10, 2019

<Asset to be Disposed>

Property No.	Property name	Date of sales contract	Scheduled disposition date
UR-6	A-FLAG AKASAKA	November 30, 2018	(i) March 1, 2019 (50% co-ownership interest) (ii) June 3, 2019 (50% co-ownership interest)

(Note) A forward commitment contract is defined as “a postdated purchase and sale contract under which settlement and delivery shall be made at least one month after the conclusion of the contract, or any other contract similar thereto”.

(2) Impact on API’s finance when forward commitment contracts cannot be executed

With respect to the purchase and sale agreements pertaining to the Acquisition and the Disposition, in case there are any violations by API, a seller or an acquirer concerning the provisions which have a material adverse effect on the achievement of the purpose of the purchase and sale agreement, API, the seller or the acquirer can urge the seller, the acquirer or API, as applicable, to fulfill the obligation in a fixed period of time. When the seller, the acquirer or API does not correct the violations within that time frame, API, the seller or the acquirer may cancel the agreement and make a claim to the seller, the acquirer or API for the penalty equivalent to up to 5% of the sale price to the seller or API.

However, the purchase and sale contracts pertaining to the Acquisition into which API has entered contain certain clauses stating that API, as the acquirer, will be able to acquire the Anticipated Properties by paying the total acquisition price, only when the financing to fund for the anticipated acquisition has been completed. If such financing is not completed as of January 10, 2019 for Tokyu Plaza Ginza (Land) and March 31, 2019 for Q plaza HARAJUKU and EDGE Shinsaibashi, the agreement will expire, which would render the above penalty clause invalid. Thus, API does not anticipate that the failure to execute of the agreement due to a lack of financing will have a material negative impact on its financial condition. Also, API does not anticipate that the conditions stipulated in the contract pertaining to the Disposition will have a material impact on its financial condition as it is a seller for the Disposition and has no funding risk that the acquirer assumes for fulfillment of payment obligation.

11. Outlook

For the effect of the Transaction on the management performance of API for the fiscal period ending May 2019 (the 15th Period, from December 1, 2018 to May 31, 2019) and the fiscal period ending November 2019 (the 16th Period, from June 1, 2019 to November 30, 2019), please refer to the “Notice Concerning Revision to

(Note 1) "Investment ratio" is the ratio of the (anticipated) acquisition price for each property to the (anticipated) total acquisition price rounded to the first decimal place.

(Note 2) The acquisition prices of "Tokyu Plaza Omotesando Harajuku", "Tokyu Plaza Akasaka", "DECKS Tokyo Beach", "Tokyu Plaza Ginza (Land)", "Q plaza HARAJUKU", and "Shiodome Building" are described based on their respective *pro rata* share (75%, 50%, 49%, 30%, 60%, and 35%, respectively).

(Note 3) The acquisition price of "TAMACHI SQUARE (Land)" is based on the acquisition price of the land as of acquisition date (June 13, 2012), deducting the acquisition price of the building of ¥732 million from the total acquisition price of the property.

(Note 4) Regarding the trust beneficiary co-ownership interests in A-FLAG AKASAKA, API and ORB Limited Liability Company concluded sales contracts with the effective dates of March 1, 2019 (50% co-ownership interest) and June 3, 2019 (50% co-ownership interest).

(Note 5) The acquisition date of "Shiodome Building" is the date of the third acquisition. The first acquisition date was January 9, 2015 and the second acquisition date was December 16, 2015. The acquisition price of "Shiodome Building" is the total amount of the first, second and third acquisition prices.

(Note 6) On June 1, 2018, the property name was changed from "Shinbashi Place" to "A-PLACE Shinbashi Ekimae". Its asset number and asset category has been also changed from UR-4 and Urban Retail properties to TO-17 and Tokyo Office properties, respectively on the same day.

(Note 7) The acquisition date of "Osaka Nakanoshima Building" is the date of the second acquisition. The first acquisition date was January 25, 2013. The acquisition price of "Osaka Nakanoshima Building" is a total amount of first and second acquisition prices.
