Notice of Acquisition and Disposition of Assets and Lease Contract with New Tenants

Activia Properties Inc. (“API”) announces that TLC REIT Management Inc.(“TRM”), to which API entrusts its asset management operations, decided to acquire (the “Acquisition”) and lease an asset (the “Lease”), and dispose of an asset (the “Disposition”) (hereinafter the Acquisition and the Disposition are collectively referred to as the “Replacement”) today.

Under Article 201-2 of the Act on Investment Trusts and Investment Corporations (“ITA”) and the internal rules regarding transactions with related parties of TRM, TRM has obtained API’s approval for the above transactions at API’s board of directors meeting. Details are as follows.

1. Overview of the Replacement

(1) Overview of the Acquisition

- ① Property name : Ebisu Prime Square
 - ② Asset to be acquired : The 51% co-ownership trust beneficiary interest in a property (Ebisu Prime Square) as a trust asset (the “Anticipated Asset”)
 - ③ Acquisition price : ¥30,700 million
(excluding expenses for the acquisition, consumption tax, etc.)
 - ④ Date of purchase contract : November 29, 2019 (plan)
 - ⑤ Date of acquisition : January 10, 2020 (plan)
 - ⑥ Seller of property : Rouge LLC
 - ⑦ Funds for acquisition : Borrowings (plan) (Note)
 - ⑧ Settlement method : Total amount to be paid at the time of delivery
- (Note) Details of the borrowings will be announced upon determination.

(2) Overview of the Disposition

- ① Property name : A-PLACE Shinbashi Ekimae
- ② Asset to be disposed of : The trust beneficiary interest in a property (A-PLACE Shinbashi Ekimae) as a trust asset (the “Asset to be Disposed of”)
- ③ Disposition price : ¥21,000 million
(excluding expenses for the disposition, consumption tax, etc.)
- ④ Book value (Note) : ¥20,824 million
- ⑤ Difference between anticipated disposition price and book value : ¥175 million
- ⑥ Date of sales contract : November 29, 2019 (plan)
- ⑦ Date of delivery : March 19, 2020 (plan)
- ⑧ Acquirer of property : ASUNARO Limited Liability Company
- ⑨ Purpose of use of funds : Funds will be used for repayment of the borrowing related to the raised by the Disposition
- ⑩ Settlement method : Total amount to be received at the time of delivery

(Note) Anticipated book value as of March 19, 2020.

2. Reasons of the Acquisition, the Lease and the Disposition

In accordance with the subjects and policies of asset management stipulated in its bylaws, API will conduct the Replacement with aim to reinforce its portfolio. Following the Replacement, the portfolio will consist of 44 properties with an approximate anticipated total acquisition price of ¥509.2 billion (plan) which will contribute to increase our unitholder value through DPU and NAV growth.

Furthermore, API judges that the lessees of the Anticipated Asset satisfy the criteria for the selection of tenants stated in the “Report on the Management Structure and System of the Issuer of Real Estate Investment Trust Units and Related Parties” set by TRM on August 30, 2019.

For the details of the Acquisition, the Lease and the Disposition, please see below.

(1) Acquisition and Lease of Ebisu Prime Square

① Location

The property is a 6-minute walk from Ebisu Station on JR lines and the Tokyo Metro lines with a direct access to central Tokyo such as Shibuya, Shinjuku, Roppongi and other areas. The Ebisu area enjoys good location where office demand from diverse companies such as technologies firms and foreign capital companies can be anticipated and is well known and popular for commercial and residential purposes as it is adjacent to Daikanyama and Hiroo areas lined with high-end residences and apparel shops.

API holds three office buildings namely TLC Ebisu Building, A-PLACE Ebisu Minami and A-PLACE Ebisu Higashi, and all of them contribute to increase the profitability of our portfolio with high occupancy and ability to lead to internal growth.

② Characteristics of the property

The property is a multi-use complex with an aesthetic unity of stone architecture consisting of an office building with a standard floor area of approximately 300 tsubo enabling several layouts, a residential tower of total 62 condominiums of diverse types and a commercial building, extended in approximately 4,000 tsubo site area with a taste of European townscape. The office building, a 22-story skyscraper facing a main street,

enjoys high visibility and rarity value in the area. The property will belong in the “Tokyo Office Properties” as over 70% of the contracted rent of the property is derived from office.

API considers that the property will be a key property in the greater Shibuya area (Note), one of API’s target areas, and contribute to strengthen its portfolio.

(Note) The greater Shibuya area is Shibuya and its surrounding areas with distinctive characteristics connected to each other in multiple aspects, including Ebisu, Aoyama, Omotesando, Harajuku, Daikanyama, etc., attracting a considerable worldwide attention as a “mix-city” combining modern entertainment, work, and housing.

(2) Disposition of A-PLACE Shinbashi Ekimae

Since acquisition at IPO in June 2012, API has operated A-PLACE Shinbashi Ekimae, formerly named Shinbashi Place, as one of stable and profitable properties in API’s portfolio. The whole building had been leased to a tenant since the commencement of operation by API in June 2012, though it has departed in May 2018. And we succeeded to lease to new tenants all ten floors without down-time, taking advantage of the prime location of property, which is one-minute walk from Shinbashi Station.

Although, the renovation work after the former tenant’s departure included specification change as the building had been designed to the tenant, and following the work, the property has suffered decrease in total leasable area and profitability.

API deems therefore that it would be reasonable to dispose of the property as replacement to Ebisu Prime Square with aim to increase distributions per unit through improvement in the profitability of portfolio and to wipe out the unrealized loss on asset.

8. Transaction with related parties

(1) Acquisition of asset

The previous owner, etc. of the Anticipated Asset is a subsidiary or similarly related party of Tokyu Land Corporation, the parent company of TRM. Such party is a related party as provided for in Article 201 of ITA, Article 123 of the Enforcement Ordinance of ITA and the "Rules Regarding Related-party Transactions", the internal rules of TRM. Therefore, TRM carried out the appropriate procedures as provided for in the rules concerning transactions with related parties in connection with the acquisition of the Anticipated Property from the party, including obtaining API's approval for the above transaction at API's board of directors meeting.

(2) Disposition of asset

The acquirer of the Asset to be Disposed of is a SPC which will be partially funded by Tokyu Land Corporation. Such party is a related party as provided for in Article 201 of ITA, Article 123 of the Enforcement Ordinance of ITA and the "Rules Regarding Related-party Transactions", the internal rules of TRM. Therefore, TRM carried out the appropriate procedures as provided for in the rules concerning transactions with related parties in connection with the disposition of the Asset to be Disposed of to the party, including obtaining API's approval for the above transaction at API's board of directors meeting.

(3) Conclusion of lease agreement and property management agreement

For the office and retail portion of the Anticipated Property, the trustee and Tokyu Community Corp. will enter into lease agreement and property management agreement, and for the residence portion, the trustee and Tokyu Housing Lease Corporation will hold the existing lease agreement and property management agreement.

Tokyu Community Corp. and Tokyu Housing Lease Corporation are wholly owned subsidiaries of Tokyu Fudosan Holdings Corporation, which is the parent company of Tokyu Land Corporation. The entities fall into interested party as defined by Article 201 of ITA and Article 123 of Order for Enforcement of ITA as well as "Rules Regarding Related-party Transactions", the internal rules of TRM. Therefore, TRM has carried out the appropriate procedures as provided for in the rules concerning transactions with related parties in order that the trustee shall outsource the property management and master lease services to the parties.

9. Item regarding forward commitment contracts, etc.

(1) Anticipated Asset and Asset to be Disposed of under forward commitment contracts, etc. (Note)

<Anticipated Asset>

Property No.	Property name	Date of purchase contract	Scheduled acquisition date
TO-18	Ebisu Prime Square	November 29, 2019	January 10, 2020

<Asset to be Disposed of>

Property No.	Property name	Date of sales contract	Scheduled disposition date
TO-17	A-PLACE Shinbashi Ekimae	November 29, 2019	March 19, 2020

(Note) A forward commitment contract is defined as "a postdated purchase and sale contract under which settlement and delivery shall be made at least one month after the conclusion of the contract, or any other contract similar thereto".

(2) Impact on API's finance when forward commitment contracts cannot be executed

With respect to the purchase and sale contracts pertaining to the acquisition of the Anticipated Asset and the disposition of the Asset to be Disposed of, in case there are any violations by API, a seller or an acquirer concerning the provisions which have a material adverse effect on the achievement of the purpose of the purchase and sale contract, API, the seller or the acquirer can urge the seller, the acquirer or API, as applicable, to fulfill the obligation in a fixed period of time. When the seller, the acquirer or API does not correct the violations within that time frame, API, the seller or the acquirer may cancel the contract and make a claim to the seller, the acquirer or API for the penalty equivalent to up to 5% of the sale or purchase price.

However, the purchase contract pertaining to the acquisition of the Anticipated Asset into which API has entered contain certain clauses stating that API, as the acquirer, will be able to acquire the Anticipated Asset by paying the total acquisition price, only when the financing to fund for the anticipated acquisition has been completed. If such financing is not completed as of March 31, 2020, the contract will expire, which would render the above penalty clause invalid. Thus, API does not anticipate that the failure to execute of the contract due to a lack of financing will have a material negative impact on its financial condition. Also, API does not anticipate that the conditions stipulated in the contract pertaining to the Disposition will have a material impact on its financial condition as it is a seller for the disposition of the Asset to be Disposed of and has no funding risk that the acquirer assumes for fulfillment of payment obligation.

10. Outlook

With regard to the impact of the Replacement on the management performance of API for the fiscal period ending May 31, 2020 (The 17th fiscal period, from December 1, 2019 to May 31, 2020) and the fiscal period ending November 30, 2020 (The 18th fiscal period, from June 1, 2020 to November 30, 2020), please refer to “Notice Concerning Revision to Forecast of Management Performance for the Fiscal Period Ending May 31, 2020 and Forecast of Management Performance for the Fiscal Period Ending November 30, 2020” announced as of today.

(Note 1) "Investment ratio" is ratio of (anticipated) acquisition price for each property to total acquisition price rounded to the first decimal place.

(Note 2) (Anticipated) Acquisition prices of "Tokyu Plaza Omotesando Harajuku", "Tokyu Plaza Akasaka", "DECKS Tokyo Beach", "Tokyu Plaza Ginza (Land)", "Q plaza HARAJUKU", "Shiodome Building" and "Ebisu Prime Building" are described based on their *pro rata* share (75%, 50%, 49%, 30%, 60%, 35% and 51%, respectively).

(Note 3) Acquisition price of "TAMACHI SQUARE (Land)" is based on the acquisition price of the land as of acquisition date (June 13, 2012).

(Note 4) The acquisition date of "Shiodome Building" is the date of the third acquisition. The first acquisition date was January 9, 2015, and the second acquisition date was December 16, 2016. The acquisition price is total amount of the first, the second and the third acquisition prices (¥30,300 million, ¥20,400 million and ¥20,900 million) and the investment ratio reflects total acquisition price.

(Note 5) The Acquisition date of "Osaka Nakanoshima Building" is the date of the second acquisition. The first acquisition date was January 25, 2013. The acquisition price of "Osaka Nakanoshima Building" is total amount of the first and the second acquisition prices (¥5,250 million and ¥5,850 million) and the investment ratio reflects the total acquisition price.
